

Think Through Math

Student Login Grades 3-8 & Algebra I

Logging in at school

1. Delete any Think Through Math shortcuts from your desktop.
2. Locate **Think Through Math** in the Math folder of **PISD Apps**. Double click to open.
3. A blue screen will open. Click **Log in with Active Directory**.
4. The next screen displays the school name and a TTM button. **Click the TTM button**.
5. The Think Through Math welcome screen opens. The first time a student logs in they will see a **Start Placement Test** message. The placement test takes 25 - 40 minutes. It is recommended that students complete the test in one session.
6. After the placement test, students will see the Think Through Math dashboard when they login.

Logging in at home

1. From your browser, go to <https://clever.com/in/pisd>. Think Through Math works best in Firefox.
2. Click **Log in with Active Directory**.
3. Login to the program using the network **username and password**.
4. Click the **TTM button** to start the program.
5. The Think Through Math program opens to the student dashboard.
